

# CRAWLER

DIGITAL  
MEASUREMENT

COST  
EFFICIENT

100%  
SAFE

## APPLICATIONS

The driving tractor is ideal for the internal inspection of pipelines with diameters ranging from 100 to 2000 mm.

Storage tanks and vessels can be inspected using the camera adapter RCC90 provided there is a top opening where the camera can be lowered. Also perfect for chimney inspection in the same situation.

## NON-EX / EX ZONES

The inspection system consists of a P&T zoom camera, crawler, camera adapter, cable reel and a (portable) control panel.

Both in non-EX as in EX zones the distance to inspect is up to a maximum of 500 meters.

## BENEFITS

- 100% safe
- 500 meter cable length
- No man entry
- EX-proof
- High movability

# SPECIFICATIONS

## RCX90 P&T ZOOM CAMERA

- Zoom: 10x optical, 12x digital - remote tilt 135°
- Endless rotation
- Integrated laser
- Powerful homogeneous LED-lighting

## CRAWLER RX95

- Access opening: >4"
- Wheel drive: 6x6
- Exchangeable wheels
- Up to max. 1 bar
- Up to 40°C

## High pressure camera

- Access opening: >6"
- Depth 500 meter > 50 bar
- 10 optical zoom

## CRAWLER RX130

- Access opening: >6"
- Wheel drive: 4x6
- Exchangeable wheels
- Optional: carrier, elevator, illuminator
- Up to max. 1 bar
- Up to 40°C

## CAMERA ADAPTER RCC90

- Access opening: >DN90 - up to max. 1 bar
- 8 x 3 HighPower LEDs
- Up to 40°C
- Horizontal and vertical operation
